Water Rights

TO THE EDITOR:

Since the Town of Fairhaven has announced their intentions of purchasing or taking certain land in the vicinity of Wolf Island Road, Mattapoisett for the purpose of adding to their Town water supply, we have had several queries from Mattapoisett residents concerning Fairhaven's right to do this, and Mattapoisett's action in this regard. Inasmuch as this appears to be of general interest and the facts little known, the following information is furnished:

Chapter 381, Acts and Resolves of the Commonwealth of Massachusetts, Year 1889 granted the Fairhaven Water Company rights as indicated: "Section 2. *****", may take and hold the water of any water source within the town of Mattapoisett, and all lands, rights of way and easements necessary for holding and preserving the same; may erect dams, buildings, fixtures and other structures; may make excavations, procure and operate machinery, construct and lay down pipes, conduits and other works, enter and dig up lands, make contracts with any public or private corporation or any individual, and do all other acts

within said town that it might lawfully do in the town of Fairhaven under the powers granted to it by said chapter of said acts, and shall be subject to like duties, restrictions and liabilities to those therein stated and imposed upon it."

The Towns of Mattapoisett, Marion and Fairhaven have all been searching for additional water supplies in the Mattapoisett River Valley within the boundaries of Rochester and Mattapoisett. Each have located what they feel are suitable or promising sites. However, the Southeastern Region, Massachusetts Department of Environmental Quality Engineering (DEQE) on February 25, 1980 refused permission to Mattapoisett and Marion to proceed with 8" monitored pumping tests, and Fairhaven, having successfully completed their 8-inch tests, were not permitted to develop and utilize the source until such time as the Towns concerned could provide evidence that sufficient supply (safe yield) exists in the Mattapoisett River Valley to allow additional withdrawal. The last comprehensive study and in general use was 20 years old and estimated a safe yield of 5.5 million gallons per day. Since then

ply Protection Advisory Committee, a group consisting of three representatives from each town of Mattapoisett, Marion, Fairhaven and Rochester. The study, completed by Metcalf & Eddy, Inc. and published on July 17, 1980, suggested a safe yield of 10 million gallons per day from the river valley. Committee representatives met with DEQE officials, who, while not actually agreeing to accept the new figure, agreed to allow the towns to proceed with present testing.

The Mattapoisett Board of Water Commissioners requested permission to proceed with plans for conducting a prolonged pumping test, which includes installation of an 8-inch well, on August 6, 1980. DEQE representative inspected the proposed site, and permission was granted by letter dated August 28th. A contract was signed with Dufresne-Henry Engineering Corporation on September 12, 1980 to proceed with this action, which is necessary before DEQE will consider approving the site for public water supply purposes.

Charles A. Morgan, Supt.

Selectmen's Meeting

AMBULANCE FEE SET

In a divided decision Mattapoisett Selectmen voted to charge for ambulance service to town residents. Selectmen William Hubbard and John DeCosta favored a trial levy for a year. Fifty dollars will be charged for a run to any point within a 15-mile radius. To a point outside that radius \$1.00 per loaded mile will be added to the \$50.00 flat fee charged from pick-up to point of destination. Fees will go into effect October 1, 1980. Selectman R. William Blasdale expressed "serious reservations" that the fees collected will offset the cost of the clerical work involved since the heavy use of the ambulance involves Medicare/

Medicaid and elderly patients.
ASSESSORS GRANDFATHERED

Selectmen considered the exemption of presently serving on the Mattapoisett Board of Assessors from the State mandated study and qualifications. Under present law assessors have 3 years to meet qualifications as set by the State. According to interpretation by Town Counsel Donald Fleming the law enables the Selectmen of the town to accept those presently serving as having proven qualifications to meet the standards set by the Commonwealth. Future assessors will have to pass the certification. The proposal was laid on the table for a 2-week period to allow comment from the public.

BETTERMENT TAX SET

A betterment tax of \$645. for a single family home and \$860. for a 2-family dwelling will be charged to Mattapoisett homeowners hooked to the sewer system. Letters will be mailed announcing the tax and asking for return of a card with choice of payment. Payment can be made at once or can be financed at 5% over a period of 2 to 20 years. Provision will be made for pre-payment of the term plan with any pre-payment deducted from the terminal end of the loan.

PEPPERBUSH LANE MEETING

Selectmen conferred with residents of Pepperbush Lane concerning a possible sewer tie-in. Selectmen decided to explore any possible interest by other residents of that street to see if the cost could be shared with

the benefits. The interest was divided 2 to 2 with one resident expressing a mild interest. Any future discussion will be among the residents themselves.

EASEMENT OUTLINE RECEIVED

Selectmen received an outline of a proposed easement to Goodspeed Island. They will take the matter up after study of the outline.

PROPOSITION 2 1/2

Executive Secretary Stephen Lombard gave Selectmen a preliminary explanation of Proposition 2 1/2 using estimated figures. According to his explanation, Mattapoissett would incur an immediate loss of revenue due to the change in the motor vehicle excise tax formula. According to Lombard, Home Rule would be lost and the proposition does not allow for normal growth of a city or town. This plan would not allow the town to deduct fixed charges such as town debt, pensions and health benefits. As these costs rise the 2 1/2 cap would require a curtailment in other services to make up the difference or to pass the costs of services on the users in the town.

Selectmen will study Mr. Lombard's outline and noted that a meeting on Proposition 2 1/2 has been set for September 23 after postponement from September 16 - primary election day.

TRIP TO MT. TOM

In mid-September hawks and eagles migrate

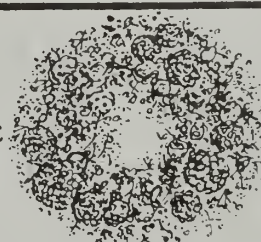

from further north move through Massachusetts enroute to a warmer winter. It's very exciting to sight a hawk in any season but to observe numbers of them making their instinctual journey would certainly be a thrilling experience. On Saturday, September 20th, the Children's Museum will take a great adventure to Mt. Tom in Holyoke, Mass.

Hot air rising off the sides of mountains are called thermals. Migrating hawks and eagles ride the thermals because they are lifted higher where they then glide to the next thermal. Since Mt. Tom is in the hawk's migrating pathway, hawk-watchers travel each year to this point to observe the migration.

This all day field trip to western Massachusetts (just north of Springfield) is open to all bird enthusiasts and curious adventurers aged five and up. Equipment needed for the journey will be: a lunch, hiking shoes, warm clothes, binoculars. Since hawk-sighting is best around mid-morning we will be leaving the Museum at 7:00 a.m., hoping to be there for 10:00 a.m. Other possible activities include a hike and pic-

OPEN HOUSE

An Open House at Old Rochester Regional High School is scheduled for Monday, September 22nd. A schedule of abbreviated periods will be followed during the evening. Please have your child give you a copy of his or her daily schedule. The evening will conclude with a 25-minute unstructured period during which parents may see teachers on an individual basis.

The program is designed to provide teachers with the opportunity to communicate their hopes, expectations, and learning philosophy to all of their students' parents. In this way, we hope to be more accountable and to provide the parents with a better basis for communicating with their own children.

It is our opinion that a student's education-

will benefit from additional services in 1980. These services are designed to provide students with more information about the content and uses of the test.

Students who plan to take the 1980 PSAT/NMSQT will receive a complete sample test for practice, along with an answer key and scoring instructions. When scores are reported in December, each student will receive a Report of Student Answers, including the correct answers as well as the answers the student gave. To allow students to refer to the original questions, schools will return test booklets with scores. Students will continue to receive ABOUT YOUR PSAT/NMSQT SCORES, a booklet of general information on college planning.

The PSAT/NMSQT is cosponsored by the College Board and National Merit Scholarship Corporation. It is administered annually to more than one million students and measures verbal and mathematical abilities that are important in college work.

The PSAT/NMSQT gives students a chance to find out what the College Board's Scholastic Aptitude Test (SAT) is like, and helps

O.R.R. Gridiron Club

The ORR Gridiron Club sponsored a trip to Nantucket last Saturday for a scrimmage between the ORR Bulldogs and the Nantucket Whalers. The Bulldogs did an excellent job and we're looking forward to a good season.

The Gridiron Club will be holding fund-raising events throughout the season to help defray the costs of such activities.

Raffle tickets are being sold now and the prizes are \$100.00, \$75.00 and \$25.00 certificates from Mr. Meat. The drawing will be held on September 27th during half time when the Bulldogs play Bishop Feehan. Tickets may be purchased from Gridiron Club members.

a new exhibition gallery in the former Museum Store area of the Old Barn. The gallery currently features an exhibition entitled "Folk Art's Graven Images" which consists of 43 rubbings and photographs of 17, 18 and 19 Century New England gravestones.

The rubbings in the exhibition were produced in 1974 by Cape Cod Community College students enrolled in a course on American Folk Traditions. The program was presented at Heritage Plantation by Professor Evan R. Firestone.

The photographs are by Ernst Halberstadt of Sunset Island, Onset. Mr. Halberstadt has received national acclaim as a sculptor, painter and illustrator, as well as a photographer. His work has been exhibited in countless museums throughout the country and can be found in the collections of such noted institutions as the Metropolitan Museum of Art, the Museum of Modern Art, the Cleveland Museum of Art, the Fogg Museum of Art, the Rose Art Museum and the Chase Manhattan Bank.

The exhibit will remain in the Old Barn through the Museum's closing October 13.

Westport Historical Society

"The History and Development of American Samplers Over the Past 300 Years" is the title of an illustrated lecture to be given by Mr. Henry T. Callan at the meeting of the Westport Historical Society on Thursday, September 18th, at 8:00 p.m. at Pacific Union Congregational Church, 526 Old County Road, Head of Westport.

The guest lecturer, Mr. Callan, will illustrate his talk with slides. There will also be on display examples of samplers from his collection. The audience is invited to bring samplers to show - the more interesting the better - they do not necessarily have to be old.

The ornamental needlework done in samplers represents the skill of the worker in the mastery of various stitches. The sampler is also a family record as the age of the stitcher and the date of the work is usually worked into it. It can be a display of original artistic ability evidenced by the designs created. Samplers are valuable historical records, reflecting the

times in which they were created. Thus, the topic will be of interest to not only historical society members, but also to collectors and artists.

Mr. Callan is librarian of the Elizabeth Taber Library, Marion. He is also a lecturer and an appraiser of antiques.

Guests are welcome to attend this lec-

Also, the Volunteer Program will be starting a free training course in October. The course will train adults to tutor children of grades K - 6 in the basic skills - math, spelling, writing, reading and speech. The course is divided into a five-week session of lectures and discussions at the YWCA and a second five-week session of helping children with specific homework assignments. The second session would be under the supervision of qualified personnel at various centers in the area.

Adults who are willing to commit 2 hours per week for this year would gain valuable knowledge from this course.

AUTUMN BOOK SALE-DARTMOUTH MALL

The renowned Autumn Book Sale sponsored annually at the Dartmouth Mall by the Friends of the Libraries is set to run the weekend of September 26-27, from 10 a.m. to 9:30 p.m. each day.

The veteran director of this impressive fall fixture, Rita Whiteside, discloses that a special feature of the sale will be the offering of great numbers and varieties of college texts; they will be available in soft covers at the nominal price of 25¢.

Additionally, a goodly number of popular paperbacks, both fiction and non-fiction, will be offered, along with the Friends' well-known comprehensive assortment of hard cover volumes.

All books are clean and in good, usable condition, pre-sorted for easy location. No rare or unusual books are withheld. The entire proceeds of the sale are used to provide direct benefits to the library system in Dartmouth and to the general public as well, by means of the continuing cultural and educational programs which have created for the Friends a notable reputation in the area.

Currently they are assessing ways and means for a major undertaking - to insulate the little old library building at Russells Mills, in order to help assure its continued operation during the winter

SMU CONCERT BAND INVITES
INSTRUMENTALISTS

The Southeastern Massachusetts University Concert Band, directed by Gene Crisafulli, and beginning its second year of music making, invites all SMU students, faculty and staff to participate, as well as instrumentalists from the surrounding community, including high school and senior citizens. Bristol Community College is also included and cross registration is available with credit.

The band rehearses regularly on Mondays from 4:00 to 5:30 p.m. in Room 108 in the College of Visual and Performing Arts. In its first year the band performed a fall and spring concert and hopes to increase its programming this year.

Bird Seed Sale

ASHUMET HOLLY RESERVATION

If you are planning to feed birds through the winter, now is a good time to purchase seed. The Massachusetts Audubon Society's Ashumet Holly Reservation in East Falmouth is sponsoring a bird seed sale with proceeds benefiting the wildlife sanctuary.

To purchase the Audubon bird seed, orders must be placed and paid for by October 11. Seed pick-up day will be October 25 from 10 a.m. to 4 p.m. at the sanctuary.

The Audubon mixes have been prepared to attract a wide variety of birds and to give them a sound diet. In addition to the seed, bird feeders and the 1981 Audubon calendar will be offered for sale.

For people beginning a feeding program, there are helpful details in "Going to Seed", a free pamphlet on winter bird feeding. For the pamphlet or a seed order form, contact: The Ashumet Holly Reservation,
